Talks Real Estate

VINCENT FOSTER

Vincent Foster had the program at the Hope Rotary Club's weekly luncheon last Friday at the Town and Country. He discussed the Real Estate Investment and Trust that was organized in Arkansas 3 years ago. It was incorporated in November 1969 and will have shares available for sale by November 1970.
He told about the tax treatment, safeguard and revenue for investors in this trust. "How does this interest you?" he asked the club members. "In an estate, regardless of its size, the division of real property is easier under such a plan," he said.
C. R. "Dick" Moore presided over the business meeting and welcomed one guest, W. M. Locke of Texarkana.

Nixon Calls for a Rule of Reason

WASHINGTON (AP) — President Nixon has sent a personal letter to nearly 1,000 college presidents and administrators urging them to enforce "the rule of reason" rather than the "rule of force" on the nation's campuses.
The letter, released by the White House Sunday, includes a copy of a New York University professor's recently published article which uses many of the same arguments Nixon stated at Kansas State University last Wednesday on how to maintain campus order.
"The university is a precious national asset," Nixon wrote, "a place in American society where the rule of reason and not the rule of force must prevail. Those who cannot accept the rule of reason, those who resort to the rule of force have no place on a college campus."
Dr. Sidney Hook, NYU philosophy professor, wrote in the accompanying article that "American colleges and universities today face the gravest crisis in their history."

Negroes Attack Camden Coach

CAMDEN, Ark. (AP) — Camden School Supt. Wyley Elliott said the head football coach at Camden High School was attacked by a group of Negro students Friday.
Elliott said George Burke had asked a group of about 11 Negroes to disperse following a pep rally. The superintendent said they refused and began beating him.

Chilean Vote Signals Red Advance

WASHINGTON (AP) — American officials view the Chilean election of Marxist Salvador Allende as marking the possible start of a large Latin American Communist bloc of nations.
In addition to Chile, officials mentioned Peru, Argentina and Bolivia as candidates for Communist domination.
An assessment of Allende's impact on Latin affairs came from a high American official who briefed Midwestern publishers, editors and broadcasters in Chicago. The White House-organized background was presented Wednesday, but ground rules prevented release of what was said until the weekend.
Although President Nixon was involved in some briefings, he was not on hand for the Allende analysis.
Allende failed to get a clear popular-vote majority in the Chilean election, but his election by the Chilean Congress, with whom the decision rests, was expected by the American official.
Over a period of years, Allende will probably establish a Communist government of some sort thereby bringing Communism across the hemisphere from isolated Cuba to a major inland nation.
The Inter-American Press Association said over the weekend that Communist pressures are already being felt in Chile.
The IAPA said in a report that newspapers and radio stations are being sold in the wake of threats of violence. Newsmen have resigned and anti-Marxist reporters have been dismissed, IAPA said.
The American view of South America in years to come is that Chile might be joined by already deeply divided Argentina; by Peru, described as heading in directions difficult to deal with; and by Bolivia, which the official said is moving left, in an anti-United States direction.
The future of the Organization of American States and the Western Hemisphere Defense Board would become extremely problematical, he added. The United States is keeping a close watch on the situation, but the official said at this point its influence is not too great in Chile.

Believes Too Much Spent on Defense

By CARL HARTMAN
Associated Press writer
COPENHAGEN (AP) — World Bank President Robert McNamara, former U.S. secretary of defense, said today that most countries are spending too much on defense and should shift to more foreign aid.
"For the so called security of an ever spiraling arms race," he said, the world is spending \$180 billion annually and the figures go steadily up.
Yet the rich nations, he went on, hesitate to keep on spending their present \$7 billion on public development aid.
"That 20 times more should be spent on military power than on constructive progress appears to me to be the mark of an ultimate, and I sometimes fear, incurable folly," he said.
McNamara's speech was prepared for the opening of a week-long meeting of the bank and the International Monetary Fund.
Pierre-Paul Schweitzer, managing director of the IMF, had just told the meeting that rich countries are not giving development aid "the high priority it deserves."
McNamara also predicted a widening of the gap between rich and poor nations. By the end of the century, he said, the average American will have an income of about \$10,000, the average Brazilian \$500 and the average Indian \$200.
He denied that the birth control movement is an effort by the rich countries to kill off the poor ones.
"It has one source and one source only," he said, "the belief that without a slowing down and control of the population explosion, the life awaiting millions upon millions of the planet's future inhabitants will be stunted, miserable and tragic."

Wants Balance of Payments Strengthened

By JOHN GALE
Associated Press Writer
COPENHAGEN (AP) — The managing director of the International Monetary Fund told the World Bank's annual meeting today he hopes the United States will strengthen its balance of payments position by working to eliminate inflation and restore price stability.
At the same time, Pierre-Paul Schweitzer, chief official of the 116-nation body, proposed that inflation-hit industrial countries consider instituting wage and price controls.
The French IMF chief did not specifically single out the United States in exploring this idea, but declared that wage and price controls may be particularly useful in tackling continued cost-push forces "at a time when fiscal and monetary policies have stamped out excess demand and the economy is operating below capacity."
This summarized the current situation in the United States and left the implication that Schweitzer was directing his remarks to Washington, among others.
In a speech prepared for delivery to the opening session of the IMF-World Bank annual meeting, Schweitzer underlined the importance to the international monetary system of obtaining a sustained improvement in the U.S. balance of payments position.
While noting some "encouraging" recent signs in U.S. and Canadian price developments, Schweitzer said over-all stabilization efforts against stubborn inflationary momentum had met with some disappointment.
"In both countries wage settlements are still running substantially in excess of normal productivity growth and the task of economic management is clearly difficult," he declared.
He added: "The United States and Canada will need to persevere in their protracted stabilization efforts—with particular care in the current situation of economic slack to avoid excessively expansionary policies that might nullify the progress already made against inflation."

Will Not Use Private Bill Collectors

WASHINGTON (AP) — The Justice Department, while admitting that its collections of debts owed the federal government declined last year, says it won't resort to private bill collectors.
"It's not just a matter of going out and getting the bucks," said Leo Pellerzi, assistant attorney general for administration.
"You have to have justice," he said. "We're not going to throw old people out of their homes or cause families to disintegrate or put people on welfare."
The department will strengthen its collection procedures, however, through assignment of four field supervisors and an attorney in each U.S. Attorney's office to supervise collections and regularly review uncollected debts. Pellerzi said FBI reports will be made on debtors who haven't paid within three months.
A House Government Operations subcommittee had suggested use of private collection agencies to get money owed because of fines, judgments and penalties.

Morgan Trust Drops Rate of Interest

NEW YORK (AP) — Morgan Guaranty Trust Co., the nation's fifth largest bank, said today it was cutting its prime interest rate to 7 1/2 per cent from 8 per cent.
The bank said the rate cut was effective immediately.
The prime rate is the rate banks charge their largest and most creditworthy customers such as large corporations.
While First Pennsylvania Banking and Trust Co. of Philadelphia and several smaller banks have cut their prime rates in recent weeks, Morgan Guaranty is the first major New York bank to do so. The nation's banks usually follow the prime rate set by the major New York banks.
Schweitzer noted that during the first half of 1970, price increases in industrial countries were the largest since the Korean War two decades ago. He cautioned national authorities to "attach a very high priority" to programs aimed at arresting the trend.
Schweitzer said it was "unfortunate" that some industrial countries, by coping with such problems, had not given development assistance the high priority it deserved. At the same time, he welcomed the declaration by a large majority of donor governments in Tokyo sessions last week that they were in agreement with the principle "of untying development loans"—that is providing them to developing countries without imposing reciprocal purchasing obligations.
On another key question facing the conference, Schweitzer indicated there would be no final decision in Copenhagen on whether currency exchange rates—now permitted to fluctuate one per cent either side of a fixed parity—should be made more flexible.

Says Gas Still Stored at Pine Bluff

PINE BLUFF, Ark. (AP) — Col. John K. Stoner, commanding officer of the Pine Bluff Arsenal, declined to comment Sunday on a story in the Miami Herald which said lethal biological agents are still being stored at the arsenal.
Stoner said any comment would have to come from the Pentagon.
The Herald said Sunday that "approximately 10,000 gallons of some of the most deadly killers known to man — including the dreaded disease anthrax — are now stored at the Army's biological production center at Pine Bluff."
The story was written by Sy Hersh and carried a Washington dateline.
President Nixon denounced the use of biological warfare 10 months ago and government spokesmen said that the stockpiles of lethal biological agents were "in the process of being destroyed."
The story said that the "existence of the agents and their codes names is still regarded as classified information by the Pentagon."

Death Toll on Highways Hits Seven

By THE ASSOCIATED PRESS

A two-car accident on Arkansas 365 near the Pulaski-Faulkner county line that left three persons dead early Sunday pushed the weekend traffic death toll in Arkansas to seven.

The victims in the triple-fatality crash were identified as Derven Sturgeon, 41, Robert L. Reeder, 54, and Vetola Sturgeon, 31, all of Mt. Vernon.

All three were riding in a small foreign car that was struck in the rear by another auto. The driver of the second car was Joe Allen Porter, 28, of Conway.

Mrs. Nettie Nelson, 63, of Dierks was killed Sunday night in a two-car accident two miles north of the Little River Bridge on U.S. 71 in Sevier County.

State Police said a car driven by the victim was hit headon by a car driven by Dr. William Cady, 52, of Texarkana. Cady was injured.

Jimmy Smith, 17, of Pine Bluff was killed early Sunday when he was struck by a car after being injured earlier in a one-car accident on U.S. 270 near Malvern.

State Police said Smith had been pulled from a wreck car and dragged onto the highway when he was struck.

Donald Smithwick, 17, of near El Dorado was killed early Sunday when he was struck by a car as he walked along Arkansas 129 near El Dorado.

Kenneth Allen, 18, of near El Dorado, the driver of the car, was charged with leaving the scene of an accident in connection with the mishap.

The other fatality occurred Saturday night.

Curtis Lanthrip, 29, of North Little Rock died when his car ran off Arkansas 365 north of North Little Rock and struck a utility pole.

FIVE YEARS WITH THE WRONG MAN

Dear Helen:

The understanding was that for the first four years of our marriage, I'd work to put my husband through college. Then it would be my turn, and I could either go to school or have a family — or perhaps both, once he got started in his career.

Those four years weren't easy. We never went out — together, that is. Jim spent his evenings "at the library," but I'm beginning to wonder now if he told the truth. I did hard work in a factory because it paid more than office jobs. I think he was ashamed of that.

Well, Jim went from college into a big company as a management trainee, and he's been going up ever since. Last night I mentioned our agreement and asked if it wasn't my turn now, but I'd rather have a baby than more education.

The blow fell. Jim said he'd been thinking for a long time that we weren't suited to each other, and a friendly divorce would solve everything. After all, what do a factory and a business executive have in common?

Helen, looking back, I can see so many things I blanked out before. He chose me as a meal ticket, a good plodding peasant who would put him through college, then accept the fact that her job was done, and quietly leave. I was always more of a servant than a wife. . . and I idolized him.

I'm leaving, of course. I just took time out from packing to write this letter. I don't want to be bitter, but don't you think I deserve something for those five years? In the divorce set-

tlement, couldn't I ask for compensation? Not alimony — all I want back is my "investment money," and maybe wages for my housekeeping. — BAD BARGAIN
Dear B. B.:

Most certainly you deserve the return of your "investment money" plus back wages; and a good lawyer will include this in the settlement. Normally I don't favor alimony for young, childless women, but under these circumstances, you're entitled!

—H.

Dear Helen:
It's such a simple thing, and yet it might prevent many crimes. Burglars and other law breakers operate usually in the dark. So if we eliminated complete darkness by everyone leaving on their porch lights at night, many thefts, etc. just wouldn't happen.

Residential streets, unless they have city lighting (and many suburbs don't) are frighteningly dark. It costs only a penny or two a night to leave one more light burning — small outlay indeed to help insure your family's safety.

I hope you'll assist in our campaign to — LET THE LIGHT SHINE ON.

Dear LTLSO:

Certainly will!

Porch lights should be left burning even in street-lit areas. . . the cheapest insurance you can buy these days. —H.

Dear Helen:

The woman who was fired (although she had seniority and was a more than satisfactory worker) because she had to give her place up to a man, should write to the National Headquarters of the National Federation of Business and Professional Women's Clubs, Inc., 2012 Massachusetts Ave., N. W., Washington, D. C., 20036. BPWs have long worked for equality and women's rights. They'll go to bat for her! — BPW OF HANFORD, CALIF.

Dear Helen:

It is likely that the mill where the "fired woman" works comes under the Federal Civil Rights

Act provision forbidding sex discrimination in employment. She should contact the Equal Employment Opportunity Commission, 1800 G Street, N. W., Washington, D. C., 20506, and complain about her employer. If she needs a lawyer, the Civil Liberties Union or a local women's rights group may help. She shouldn't just take her lay-off lying down. A legal fight may bring her financial reparation, and could easily stop future sex discrimination at her mill. She owes it to her fellow female workers! —A.M.B.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — CBS and ABC launched a sextet of new entertainment programs over the weekend. They included some nice surprises and some disappointments.

CBS, with five new shows, seems to have something good in at least three: "The Tim Conway Comedy Hour" on Sunday night and two situation comedies, "Arnie" and "The Mary Tyler Moore Show" on Saturday.

Conway's feeling for way-out humor carried the program beyond the half-way point. He opened with a man who hummed instead of a band, and he had a single chorus girl doing ornate dance routines. His best sketch had him playing a Japanese war lord trying to enlist pilots for kamikaze service. The program fell apart at the end with a long, messy sketch about a drunken private eye.

Herschel Bernardi plays a balding, sentimental working man in "Arnie." In the first episode, he was suddenly moved into top management of his company. Bernardi is attractive and so are members of his show's family. The humor is quiet, for the most part.

Mary Tyler Moore plays a frankly 30 career girl in her program. The first episode had her moving into a kooky job and a crazy apartment house. As the characters get sorted out, it promises to be a bright, amusing 30 minutes.

Friday night may give CBS some headaches.

"The Interns" is a series of stories draped around an assortment of young doctors, each with his own hangups. Broderick Crawford plays the gruff senior physician. The first program had a number of sub plots and seemed to be straining for significance and relevance. It was not particularly relevant, and, worse, it was not very entertaining.

"Headmaster," bringing Andy Griffith back to weekly television, is a curious mixture of lecture, morality tale and incidental comedy. Griffith plays the head of a school and in the initial show is confronted with a group of students experimenting with pills. Griffith did not appear to have much to say about drug use except that it is bad. The attempt to inject a problem of serious dimensions into a situation comedy—with the comedy very peripheral—resulted in an awkward half hour.

Recommended tonight: "The Young Lawyers," ABC, 7:30-8:30 EDT, premiere of another legal series; "The Silent Force," ABC, 8:30-9, premiere of an action series involving organized crime.

Stargell's
Homer Best
of Career

By DICK COUCH
Associated Press Sports Writer

One banner—among the many strung out along the facades of Jam-packed Shea Stadium—told it like it was for the New York Mets.

"Down, but Not Out!" was the brave message.

Then Willie Stargell landed a 450-foot haymaker and the Pittsburgh Pirates left baseball's defending world champions reeling on the ropes in the National League East division count-down.

Left-hander Jerry Koosman put the stumbling Mets back on their feet in the first game of Sunday's doubleheader at New York, taming the Pirates 4-1 with a two-hitter.

But Stargell's tape-measure homer ignited a four-run explosion in the 10th inning of the nightcap, powering the division leaders to a 9-5 victory that kept the third-place Mets 3½ games off the pace with just nine to play.

"I'd like to think that this was probably the biggest hit of my career," Stargell said after his 31st homer of the season helped open a two-game gap between the Pirates and the runner-up Chicago Cubs, who blew a 6-4 decision to pesky Montreal.

"We're still not out of it," Mets skipper Gil Hodges maintained grimly after Koosman's brilliant effort was virtually nullified in the second game as Tom Seaver faltered again and the Pirates shrugged off a late New York comeback. "We still can win nine straight."

The Expos stunned the Cubs with a four-run eighth inning rally keyed by Ron Fairly's disputed double.

Elsewhere, Philadelphia tripped St. Louis 7-4 in 10 innings. Los Angeles edged Houston 7-6 in 14 and Atlanta ripped Cincinnati 11-2. San Diego and San Francisco were idle.

In the American League, Baltimore blanked Cleveland 7-0, Minnesota drubbed the Chicago White Sox 8-1, the New York Yankees beat Detroit 5-1, California topped Oakland 4-2, Boston trimmed Washington 3-1 and Milwaukee edged Kansas City 4-3.

Koosman retired the first 15 batters he faced, gave up a sixth inning lead off homer by Jose Pagan and limited the Pirates to an eighth inning single by Stargell the rest of the way to end a four-game Met losing string.

"He just overpowered us," Pirates Manager Danny Murtaugh said. "I told the guys 'Get forget this one and get them in the next one.'"

The Pirates obediently rocked Seaver for nine hits and five runs in the 5-13 innings he lasted. The 1969 Cy Young Award winner, who has won just two of 11 starts since Aug. 6, departed to a chorus of jeers from the season-high Shea crowd of 54,806. A year ago, he won his last 10 to spearhead the Mets' pennant drive.

Following Seaver's earliest exit of the season, the Mets erased a 5-2 deficit on Ken Boswell's sixth inning homer and two-out, run-scoring singles by pinch-hitter Ron Swoboda and Bud Harrelson in the seventh.

But Stargell opened the 10th against reliever Tug McGraw with a shot off the scoreboard in right-center field, breaking the knot, and the Pirates wrapped it up with three more runs—two on a triple by Gene Alley and the other on a squeeze hunt by pitcher Dave Giusti.

"It's a big boost," Stargell said before the Pirates, having backed the Mets against the wall with three victories in the four-game Shea set, headed homeward. "I feel we can now go home and hold on to win it. If someone catches us, they'll have to play better than us—and we're going to be outstanding."

The Cubs, who had won three straight at Montreal, built a 4-3 lead on homers by Billy Williams, Jim Hickman and Joe Mauer, then folded in the eighth and finished the game under protest.

Australian
Yacht Wins,
Series Even

By JANE M. DOZIER
NEWPORT, R.I. (AP) — Australia's Gretel II won a spectacular America's Cup race Sunday.

But she'll have to win it twice as a result of a protest that was only one feature of a mad, mad, mad day at sea that only Jack London could have written—if he dared.

It was a day that saw:

—Intrepid, the American defender, finish within inches of Gretel II after the Australian challenger collided with her at the starting gun within feet of the race committee that will decide the protest.

—Two dramatic rescues at sea. One was of Intrepid's 27-year-old cockpit tactician, Steve Van Dyke, who went ashore by helicopter suffering from a severe reaction when a bee stung his lip while he was sipping a soda before the start.

The other was of seven people in an outboard which capsized in the wash of the boats of the spectator flotilla.

Van Dyke recovered promptly after treatment ashore and the seven spectators were quickly rescued.

—A mine scare. A rusted old globe first identified as a meandering old explosive from World War II was spotted amongst the fleet which immediately took evasive action. Later it turned out to be a fishing buoy.

The protest presumably will be decided today by the race committee of the New York Yacht Club. The committee already has had to handle one protest arising from a near collision in the first race last Tuesday.

Both Intrepid, the NYCC Cup defender, and Gretel II protested, but the committee disallowed it.

If Intrepid is sustained, the score in the best-of-7 series will be 2-0. If Gretel II wins, it will be 1-1.

In any case, it was a stunning triumph for the Aussies in a light southwest wind that never blew above eight knots.

Intrepid pulled away from the ill-fated start, turning the first three marks with increasing margins of 42 seconds, 1:19 and 1:42. Gretel was close behind but hadn't been able to get close enough to challenge until the fourth leg when she trimmed a half minute from Intrepid.

But Gretel II's skipper, Jim Hardy, turned the wheel over to 36-year-old David Forbes, current world champion in 5.5-meter sailboats. He has a reputation as a downwind helmsman and he showed why.

From then on the spectator fleet was treated to one of the truly exciting Cup finishes as Gretel II headed for home around the next-to-last buoy with a 50-second edge.

Flicker just couldn't make it — in fact lost some ground and for only the seventh time in the 69 races for a cup, a foreign boat took the victory cannon.

Now the sea lawyers take over in the second protested race in five days after 36 years of dispute-free racing for the ancient trophy.

Magic Number
for Twins
Is Now Two

By KEN RAPPOPORT
Associated Press Sports Writer

The Minnesota Twins have Bert Blyleven on the mound... and an Angel in the outfield.

Blyleven uncorked a three-hitter as Minnesota chopped Chicago 8-1 and outfielder Alex Johnson helped the California Angels cut down Oakland 4-2 Sunday, reducing the Twins' magic number to two in the American League West race.

"He doesn't walk a lot of guys and he has good stuff," said Twins Manager Bill Rigney of his teen-age phenom. "We brought him up last June when Luis Tiant got hurt and he's done a great job."

In 154 innings, the 19-year-old right-hander has issued only 41 walks while striking out 132. He's 10-8 on the season.

Johnson, California's bull-strong leftfielder, pounded his 14th homer in the seventh to tie the game 2-2, then singled and scored the go-ahead run in the Angels' two-run ninth.

Jim Palmer became Baltimore's third 20-game winner, blanking Cleveland 7-0; homer power pulled Boston over Washington 3-1; New York topped Detroit 5-1 with the long ball and Milwaukee squeezed by Kansas City 4-3 in the AL's other Sunday games.

In the National League, Pittsburgh beat New York 9-5 in the 10th inning of the second game of a doubleheader after the Mets won the first 4-1; Montreal turned back Chicago 6-4; Philadelphia beat St. Louis 7-4; Atlanta slugged Chicago 11-2 and Los Angeles edged Houston 7-6 in 14.

Rigney was obviously elated that Blyleven will give Minnesota added pitching power in the pennant run.

He chirped after the teenager's strikeout performance Sunday:

"That should put the kid in the record book."

Rigney referred to Blyleven's victory total, accomplished in half a season. He became the 25th pitcher in major league history to win at least 10 while still a teen-ager.

Blyleven gave up the White Sox' run in the second on Bill Melton's double and a single by Ed Herrmann. He allowed one hit the rest of the way—Herrmann's infield single in the sixth.

Johnson singled with one out in the Angel ninth, and raced to third on Jim Spencer's hit to set the stage for a game-winning safety by Bill Voss. Spencer then scooted home with an insurance tally on a grounder.

Palmer got hitting support from an unexpected source—.196-hitting Mark Belanger—and joined Mike Cuellar and Dave McNally in the Orioles' 20-game victory club.

Belanger singled to launch a two-run first, tripled home two runs in the second, singled in another tally in the fourth and scored his third run after banging a seventh-inning single.

Palmer's success marks the first time in 14 years that one staff has produced three 20-game winners. The last to accomplish the feat were Cleveland's Bob Lemon, Early Wynn and Herb Score in 1956.

Tony Conigliaro and Rico Petrocelli ripped homers and Ray Culp pitched a five-hitter for Boston.

Roy White and Ron Woods blasted homers and rookie Steve Kline pitched a three-hitter for New York. White clouted his 21st off Mickey Lolich in the third, then Woods belted a two-run shot behind John Ellis' double in the sixth.

Phil Roof's squeeze bunt in the sixth sent home pinch runner Russ Snyder with the deciding run in Milwaukee's victory over Kansas City. That run gave the Brewers a 4-0 lead and it stood up as the Royals scored three times in the seventh on run-scoring singles by Amos Otis, Bob Oliver and Paul Schaal.

Minneapolis Gets Some Satisfaction

By DICK COUCH
Associated Press Sports Writer

Paul Brown would like more time to relive the first weekend of pro football's second half-century. Phil Bengtson would prefer to forget it.

Brown's Cincinnati Bengals struck down the Oakland Raiders 31-21 while the Detroit Lions mauled Bengtson's Green Bay Packers 40-0 Sunday as the National Football League's 51st season exploded in startling fashion.

Jess Phillips bolted 76 yards on a third-period draw play for the deciding touchdown as the Bengals duplicated a 1969 upset that handed the Raiders their only regular-season setback.

Brown's elation, however, was tempered when he looked ahead to the Bengals' next obstacle. "Next week we play Detroit," he remembered. "I'm sorry I said that. I wanted to enjoy this one longer."

The Lions pinned Green Bay with its first shutout in 12 years, Mel Farr scoring twice and Errol Mann booting four field goals to lead the attack while a ferocious defensive unit shackled Bart Starr.

In Sunday's other openers, Minnesota whipped Kansas City 27-10 to gain some measure of revenge for its Super Bowl loss to the Chiefs; Baltimore nipped San Diego 16-14; Houston downed Pittsburgh 19-7; Dallas overcame Philadelphia 17-7; San Francisco upended Washington 28-17; Boston topped Miami 27-14; Atlanta trimmed New Orleans 14-3 and Denver thumped Buffalo 25-10.

Los Angeles rattled St. Louis 34-13 in Friday night's curtain-raiser and Chicago beat the New York Giants 24-16 in a Saturday night game.

The New York Jets visit Cleveland in a nationally-televised tussle tonight to complete the first-week card.

Cincinnati and Oakland were locked in a 21-21 standoff when Brown ordered the draw play in a third down-and 28 bind with 2½ minutes remaining in the third period.

"We all sorta flinched when the play came in," Phillips conceded.

But the powerful speedster broke the draw for the go-ahead score and Horst Muhlmann's 38-yard field goal capped the shocker. Sam Wyche, directing the Bengals' offense with Greg Cook sidelined for the year, hit Essex Johnson with a 51-yard touchdown pass and scored himself on a five-yard keeper.

The Lions capitalized on ev-ery Green Bay error, limited the Packers to five first downs and never let them closer than the 30-yard line in what Coach Joe Schmidt termed "the best game we have played in the four years since I've had the ball club."

The Vikings also took advantage of mistakes, in a reversal of their 23-7 Super Bowl collapse last January, to build a 17-7 halftime lead and then pulled away from the Chiefs in the closing minutes of the game.

Jim Marshall scooped up a Kansas City fumble, lumbered downfield and then lateraled to Roy Winston to complete a 38-yard scoring play and Paul Krause returned an interception 40 yards to set up another

Broyles Says
Razorbacks
Fortunate

LITTLE ROCK (AP) — Arkansas Coach Frank Broyles said Sunday the Razorbacks were "fortunate" in their 23-7 victory over Oklahoma State Saturday night.

"It just amounted to who made the final plays at the goal line," Broyles said.

Reserve linebacker Ronnie Jones was credited with two of the biggest defensive plays of the game.

In the final seconds of the first half, Jones hit OSU quarterback Tony Pounds for a five-yard loss on a fourth and two situation.

Late in the third quarter, Jones smothered Pounds for a seven-yard loss on third down and forced the Cowboys into an errant field goal try.

"Jones is going to have to play more, particularly on third down plays," Broyles said.

"Linebackers Cliff Powell and Lynn Garner had great speed last year, but we don't have that kind of speed at linebacker this year. Jones does have speed."

Broyles said that last season the Razorbacks averaged about 11 or 12 possessions a ball game but Saturday night the Porskers had only eight possessions.

"We were spoiled last year by our defense," Broyles said. "They'd run three plays and we'd get the ball right back."

Broyles praised quarterback Bill Montgomery for an "excellent" job of passing and running.

"He ran when he should and he pitched when he should," said Broyles.

The victory broke a three-game Arkansas losing streak. The Razorbacks will attempt to continue their winning ways

Bobcats Use High Powered Offense

By BILL MOORE
Star Sportswriter

Using a high powered offensive grinder last Friday night led by quarterback Ronnie Maasaneli, the Hope Bobcats constantly moved the ball against the Sheridan Yellowjackets, and rode a 28-0 victory for their second win against one loss.

The Bobcats now look toward revenge a last season heart-breaking loss to the Fairview Cardinals, 29-0, as they travel to Fairview Friday night.

Sheridans two closest offensive threats were to the Bobcats 10 and 15 yard line, but interceptions spoiled both drives.

The Bobcats showed their balanced offensive attack through the game as they ground out yardage running and then used the passing to score three of their touchdowns. The fourth came on a 75 yard punt return by Ray Wheelington in the 4th quarter.

All night the blocking for the Bobcats held up, with good holes opened up in the line by Randy Wright, Tim White, Rodney Burke, Richard Butler, and Calvin Willis, while the defense was credited with an outstanding job, pressuring the quarterback and throwing the ball carriers for numerous losses. Those not in the line on defense are Lynn Norton, Clifton Peevy, Winston Franks, Bubba Powers, Calvin Willis, Rusty Quillin, Steve Harris, Sidney Waller, Anthony Davis, Stan James, and Ray Wheelington.

They held Sheridan to: 5 first downs, 19 yards rushing and 43 yards passing for a 62 yards total offense and no points scored. Sheridan's two leading ball carriers only combined 27 yards on 13 carries with quarterback Eddie Easley completing only 4 of 14 passes after being dropped numerous times. Statistics can tell how good the defense was Friday night.

Things are shaping up right for the Bobcats and now after two straight impressive wins Hope should have enough confidence and pride when they take the field against Fairview Friday night, and what a game it should be. The Bobcats will be remembering last year.

Large Crowd
Best Ever
for Indians

WICHITA, Kan. (AP) — The largest crowd ever to watch an Arkansas State University football game, 30,055, saw the Indians defeat Wichita State 53-14 here Saturday night.

Arkansas State roared to a 40-7 halftime lead and went on to win the Wheelshockers' home opener.

The Indians rushed for 301 yards and passed for 166 yards in their first game of the season.

Led by quarterback James Hamilton's passing and the running of tailbacks Calvin Harrell and Johnnie Carr, the Indians moved 69 yards in 10 plays to open their first period scoring. Harrell ran six yards for the touchdown.

The touchdown and a conversion tied the game at 7-7 after Wichita scored first on a pass from Bob Renner to split end Gene Robinson.

Longhorns Slaughter California

By HERSCHEL NISSENSON
Associated Press Sports Writer

Southern California and Nebraska didn't settle very much with their 21-21 tie in Los Angeles Saturday night. . . except that a tie is better than losing and that both teams are among the nation's football elite.

So, for that matter, is Texas. . . as if anyone except Coach Darrell Royal ever doubted it. The Longhorns, national champions a year ago but running second this season to Ohio State, which hasn't played yet, opened with a 56-15 rout of California.

The rest of The Associated Press' Top Ten — Southern Cal is third, Nebraska ninth — came through unscathed. Stanford, rated fourth, walloped San Jose State 34-3 and fifth-ranked Mississippi crushed Memphis State 47-13 behind, respectively, Heisman Trophy candidates Jim Plunkett and Archie Manning.

Notre Dame, No. 6, rolled over Northwestern 35-14; No. 7 Penn State crushed Navy 55-7; eighth-ranked Michigan held off stubborn Arizona 20-9 and Missouri, No. 10, rallied to down Minnesota 34-12.

Three members of the Second Ten tasted defeat, though. Louisiana State, ranked 12th, fell to Texas A&M 20-18 when Lex James and Hugh McElroy combined on a 79-yard bomb with 13 seconds left. No. 13 proved unlucky for Kansas State, which lost to Kentucky 16-3. And Tulane knocked off No. 19 Georgia 17-14.

But Arkansas, No. 11, beat Oklahoma State 23-7. No. 14 Florida shelled Mississippi State 34-13; No. 15 Houston trounced Syracuse 42-15; UCLA, No. 16, rallied to beat Pitt 24-15; No. 17 West Virginia bombed Richmond 49-10; No. 18 Oklahoma got by Wisconsin 21-7 and Arizona State, ranked 20th, turned back Colorado State 38-9.

Southern Cal came from behind three times to deadlock Nebraska. The last rally came when Clarence Davis ran nine yards with 8:16 left, capping an 80-yard march. Joe Orduña's 67-yard run in the third period had put the Cornhuskers ahead again.

The Trojans almost pulled it out but a desperation 50-yard heave from Jimmy Jones to Sam Dickinson on the final play fell incomplete.

The Texas Longhorns proved they know how to please. Royal wasn't overly confident earlier in the week, but he called it "our sharpest opening game ever" after his impressive running backs galloped for 443 yards.

Leading the way was quarterback Eddie Phillips, who ran the Wishbone-T to perfection, gaining 129 yards on nine carries and scoring twice. Fullback Steve Worster added three touchdowns.

Plunkett shattered Gary Beban's Pacific—8 career total offense mark—he has 5,584 yards by completing 17 of 29 passes for 302 yards as the Indians coasted past San Jose. Manning ran for two touchdowns and passed 30 yards to Floyd Franks for another to spark Ole Miss over Memphis State.

Notre Dame, led by Denny Al-lan's 86 yards and three TDs, ripped off 330 yards on the ground in routing Northwestern and Penn State piled up 326 yards by land and Mike Cooper threw two scoring passes to Greg Edmonds as the Nittany Lions demolished Navy.

Michigan struggled against Arizona and didn't wrap it up until Dana Coin kicked a field goal and Lance Scheffler scored a touchdown in the final four minutes.

Missouri's Tigers, rattled by Minnesota for two periods, weren't fazed by a telephone bomb threat. With Joe Moore

leading the way with three touchdowns, they came from a 9-0 halftime deficit to whip the Golden Gophers.

The public address announcer told the crowd in the second period of the bomb threat but few among the capacity crowd of 58,000 in Missouri's Memorial Stadium left.

Arkansas' Bill Burnett set a Southwest Conference career record with his 39th and 40th touchdowns in the victory over Oklahoma State. Southern Methodist's legendary Doak Walker had 38.

LSU blew a 12-0 lead but had gone ahead of Texas A&M on a pair of Mark Lumpkin field goals minutes before the Aggies unleashed their own bomb threat. The desperation pass worked when an LSU defender, for some reason, went for the ball.

Kentucky, which upset Mississippi last year, gave it to Kansas State this time on the strength of a rugged defense led by end Dave Hardt, tackle Dave Roller and linebacker Wilbur Hackett.

John Reeves fired two touchdown passes and Tommy Durance for two as Florida topped Mississippi State and Houston had three classy quarterbacks throw scoring passes of 99, five, 54 and 60 yards—the last two to Elmo Wright—against Syracuse.

Baylor and Illinois, which didn't win all last season, got a taste of victory. The Bears held off Army 10-7 while the Illini turned back Oregon 20-16.

Some 16,100 fans ignored a proposed boycott in Kalamazoo, Mich., and saw Western Michigan beat Brigham Young 35-17. The boycott had been suggested to protest BYU's alleged racial discrimination.

Tech Looked Impressive With a Loss

By THE ASSOCIATED PRESS

The best showing by an AIC team Saturday night may have been in a losing effort.

Arkansas Tech lost in the final seconds 22-21 to Northeast Oklahoma. Northeast is considered one of the top teams in the NAIA.

Arkansas led most of the game, taking a 7-0 lead at half-time, stretching it to a 14-7 lead in the third period and seeing that lead stretched to 21-14 after Northeast tied the score at 14-14.

Northeast's Roy Burke hit Freddy Cormier with a 15-yard pass in the last 12 seconds for the winning score.

East Central Oklahoma smashed Arkansas A&M 43-0 Saturday night in a nonconference game.

The Oklahoma team amassed 558 yards in total offense.

In other action Saturday night, Livingston (Ala.) State defeated the Southern State Mulieriders 24-0.

Livingston covered five SSC fumbles en route to the victory. Ouachita Baptist University overpowered Southeast Oklahoma for a 16-7 football victory at Durant, Okla., Saturday.

Ouachita rolled up 320 yards total offense to Southeastern's 102.

Southeastern took a 7-0 lead in the second quarter with a 10-yard scoring run. Ouachita tallied for six points late in the period, then made it 13-7 in the third quarter and capped off the scoring with a 23-yard field goal by Bruce Efrid in the final quarter.

A last-minute drive put Henderson State College over Mississippi College 14-10 Saturday night.

James White of the Reddies scampered 40 yards with less than four minutes to go in the game to triumph over the Choc-laws.

State College of Arkansas blew a 17-14 third quarter lead and lost to Florence State 28-17.

Belgian Wins Grand Prix of Canada

By BLOYS BRITT
AP Auto Racing Writer

Belgian bigroom Jackie Ickx won the Grand Prix of Canada in a breeze Sunday but admits it was a hollow victory.

"The world driving champion for 1970 is Jochen Rindt," the 26-year-old Ferrari driver said after leading teammate Clay Regazzoni of Switzerland across the finish line to give the Italian Mar-que its third straight Formula 1 triumph.

Rindt was killed Sept. 5 while practicing for the Italian Grand Prix, later won by Regazzoni. The Austrian Lotus driver had gained five victories and had amassed 45 points toward the driving title.

Ickx now has 28 points and could edge Rindt for the title by winning the remaining two races—at Watkins Glen, N.Y., Oct. 4 and at Mexico City Oct. 25.

"I am going to try to win them," Ickx said Sunday. "But I consider that the title rightfully belongs to Rindt. And I hope the

Knudson Wins to Break 7 Month Famine

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

ROBINSON, Ill. (AP)—George Knudson, leathery 33-year-old Canadian, sums up his sensational, 11-hour, 40-hole marathon against George Archer to win the \$100,000 Robinson Open Golf Classic as "breaking a seven-month famine of bad golf."

With the second round rained out, the finale of the neat, little tournament was packed into a 36-hole round Sunday over the compact 35-36-71 Crawford County Country Club course, steaming in 90-degree weather.

The gangling Archer, without a victory since the 1969 Masters, and gritty Knudson, who had not won since taking the Phoenix and Tucson opens in succession in 1968, were in the same threesome for the entire day. And both were victory hungry.

The third man was young Bob Payne of Mt. Vernon, Ill., who had caddied on the Crawford course prior to his student days at Southern Illinois University. He has never won anything, and stayed in contention until being wrecked with a closing 73 for 277.

Meanwhile, Archer captured a three-stroke lead over Knudson with a morning 68 for 202 while his tenacious opponent from Toronto had a 69.

Then Knudson caught fire. He had six birdies on the front side starting the last round on putts of up to 20 feet and a 30-foot chip that went in. His 29, to Archer's fine 32 tied them at the 63-hole mark.

Knudson finally went ahead with a two-foot birdie putt on the 12th and remained that way until the rolling 17th. His second shot from a severe downhill lie left him short and he bogeyed as Archer parred and the two were square.

They parred the short 18th, Knudson ending with a blistering 63 and Archer with 66 for 16-under totals of 268.

Into the sunset they went for the \$20,000 first prize.

They halved the 19th in regulation. Archer had to make a great trap shot to match Knudson's par on the short 20th. Another fine recovery from a trap gave Archer a birdie on the long 21st as Knudson reached in two for his cinch 4.

On the 410-yard 22nd, both were on in regulation, Archer 25 feet away and Knudson 14. Archer three putted, missing from about two feet on his last try. Knudson had a cool par 4, and the marathon was over. Archer collected \$11,100 for second.

Larry Zigler took third with 271. Gier Joies and Hal Underwood were next at 274, one stroke ahead of Mason Rudolph, J. C. Sneed and Charlie Sifford.

At 276 were Deane Beman, Dave Eichelberger, Hale Irwin and Bert Weaver.

Saturday night.

The Bears pulled ahead on a pass interception by Whit Fowlkes on the Florence 24 to move into the 17-14 lead. The touchdown came on a 23-yard pass by quarterback Mike Lally to halfback Richey Platt in the end zone.

The Harding Bisons emerged victorious in the season opener Saturday by downing Southwestern College of Winfield, Kan., 18-0.

Grand Prix organizers award it to him posthumously, regardless of who gets the most points.

Ickx averaged 101.27 miles per hour as he wheeled his No. 19 Ferrari into the lead at the 100-mile mark and dominated the race the rest of the way. He collected \$20,000 from the \$156,300 purse.

In other auto races Sunday, Britain's Brian Redman drove a Chevron B16 to victory in the Trophy des Ardennes race at Francorchamps, Belgium; Parnelli Jones wheeled his Mustang to victory in the Trans-American sedan race at Seattle International Raceways; Jack Bowsher of Springfield, Ohio, won the 250-mile late-model stockers race at Milwaukee in a 1969 Ford Torino; and Richard Petty of Randleman, N.C., in a 1970 Plymouth, won the Mason-Dixon 300 at Dover, Del.

Devlin Picks Up Top Money in Ireland

By JOHN FARROW
Associated Press Sports Writer

PORTMARNOCK, Ireland

Devlin won the prize money over Portmarnock's 7,117-yard, par-72 course by conquering the winds from the Irish Sea and the rain that plagued the Alcan "Golfer of the year" Champion-ship.

Bob Rosburg of Winthrop, Maine, finished second with a score of 265—seven strokes behind Devlin. He collected \$15,000 for that effort.

Devlin's seven-stroke advantage was the same as Britain's

AP) — Bruce Devlin, 32-year-old Australian golf star, picked up a check for \$55,000 today and said: "Well, that's how lucky you can get if you conquer the winds and the rain of Ireland."

Devlin won the prize money over Portmarnock's 7,117-yard, par-72 course by conquering the winds from the Irish Sea and the rain that plagued the Alcan "Golfer of the year" Champion-ship.

Bob Rosburg of Winthrop, Maine, finished second with a score of 265—seven strokes behind Devlin. He collected \$15,000 for that effort.

Devlin's seven-stroke advantage was the same as Britain's

Tony Jacklin held in winning the U.S. Open earlier this year. "Tony's seven-stroke margin was something unbelievable," said Devlin. "But my advantage today was just as incredible."

Devlin was involved in a field of 25 top players for the championship and later Rosburg said: "I thought I had it going great for me but it was impossible to catch up with the Aussie."

Devlin picked up his check with a 72 hole score of 69-71-70-68—278. Lee Trevino, El Paso, Tex., Neil Coles, England, and Peter Oosterhuis, England, all had 287s to win \$5,933.

THE WELL CHILD
Coronary Heart Disease Has No Regard for Age

By WAYNE G. BRANDSTADT, M.D.

Coronary heart disease, primarily a disease of persons who are over 40, is being seen with increasing frequency in the 5-to-17-year age group. The predisposing factors in these children are (1) high blood pressure (over 142 systolic, when the heart contracts, or over 82 diastolic, when the heart relaxes), (2) a blood cholesterol level over 220 and (3) body weight 50 per cent above the average for the child's height.

The most effective way to reverse this trend is to lower the fat content of the family's diet and increase the amount of exercise the child takes daily.

Q—I am a boy, 14. I have large breasts and this is very embarrassing. Will they shrink or could I have them operated on?

A—In most boys, this enlargement, often accompanied by some soreness, disappears in one to four years. If it doesn't, it will be necessary for your doctor to determine whether you have a glandular imbalance or whether the enlargement is just fat. Surgery may be advisable in the first case but not in the second.

Q—Each time our children get one of their frequent strep throats, our pediatrician takes throat cultures and gives them all a shot of penicillin, even if they have no fever. Doesn't too much penicillin make the germs resistant to the drug?

A—If your doctor is sure the infection is due to a

streptococcus each time, he is wise to treat all members of the family with the antibiotic. The drug should be taken for at least 10 days to insure the eradication of the germs. The building up of a resistance by the germ is the result of inadequate treatment.

Q—About three months before our last child, now 11, was born, her older brother and sister had chickenpox. When she was about two weeks old, she had a breakout that looked like chickenpox but our pediatrician couldn't say for sure that it was. She has been exposed to the disease since then but has never gotten it. Could she be immune?

A—Chickenpox is very contagious and very few persons reach age 15 without having an attack. If your daughter has been exposed and has not taken the disease, that is pretty good evidence of immunity but, like your pediatrician, I can't be positive about it.

LEGAL NOTICE

PROPOSED INITIATED ACT NO. 1

(Proposed by Petition of the People)

To be voted on at the General Election on November 3, 1970

PETITION TO INITIATE A LEGISLATIVE ACT

TO THE HONORABLE KELLY BRYANT, Secretary of State of the State of Arkansas:

We, the undersigned legal voters of the State of Arkansas, respectfully propose the following Legislative Act:

(Popular Name)

ACT TO REPEAL THE FULL CREW LAWS

(Ballot Title)

A PROPOSED ACT TO REPEAL ACTS PRESCRIBING MINIMUM NUMBERS OF EMPLOYEES TO BE USED IN THE OPERATION OF TRAINS.

WHEREAS, Arkansas is one of the relatively few states which by law prescribe minimum crews on certain trains operating in the state, thus resulting in higher operating expenses to the railroads in Arkansas than in neighboring states, all to the detriment of shippers and the traveling public; and

WHEREAS, railroads now have improved roadbeds and grades and have developed and now use equipment that can be operated with safety to the public and the employees with smaller crews than prescribed by law;

NOW, THEREFORE, BE IT ENACTED BY THE PEOPLE OF THE STATE OF ARKANSAS:

SECTION 1. That Act 118 of the General Assembly of the State of Arkansas, approved March 28, 1907; and Act 288 of the General Assembly of the State of Arkansas, approved May 31, 1909; and Act 87 of the General Assembly of the State of Arkansas, approved February 20, 1913, be and the same are hereby repealed.

AND BY THIS, OUR PETITION, ORDER THAT THE SAME BE SUBMITTED TO THE PEOPLE OF SAID STATE, TO BE ENDED THAT THE SAME BE ADOPTED OR REJECTED BY THE VOTE OF THE LEGAL VOTERS OF SAID STATE AT THE REGULAR GENERAL ELECTION TO BE HELD IN SAID STATE ON THE 3RD DAY OF NOVEMBER, 1970, AND EACH OF US FOR HIMSELF SAYS: I HAVE PERSONALLY SIGNED THIS PETITION: I AM A LEGAL VOTER OF THE STATE OF ARKANSAS AND MY RESIDENCE, POST OFFICE ADDRESS AND VOTING PRECINCT ARE CORRECTLY WRITTEN AFTER MY NAME.

Filed in the Office of the Secretary of State: July 1, 1970.

Hard Soviet Line Could Curb Talks

WASHINGTON (AP) — An administration source says the U.S.-Soviet arms curb talks — a showpiece of President Nixon's Era of Negotiations policy — may fail if the Kremlin pursues a hard-line policy.

Speaking under rules barring direct quotation, the source said of the strategic arms limitation talks — SALT:

"We can't say that it will succeed, but we can say that if they fail it will be as a result of a political decision, on the basis that the Soviets have decided to adopt a hard-line."

These remarks, made to newsmen in Chicago and released by the White House over the weekend, contrasted in tone with earlier administration statements. President Nixon, for example, said at a May 8 news conference:

"We're still far apart, but I will predict now that there will be an agreement, and when that agreement comes, it will be of great significance."

And last month the officials told another group he was extremely optimistic about the SALT prospects. But speaking in Chicago he said he is now cautiously optimistic about the outcome of the negotiations.

No explanation was given for the apparent dampening of U.S. expectations.

Among items other sources reported about the secret talks are:

—The Soviets made no response, other than asking typical questions, to the U.S. missile freeze offer made late in the Vienna negotiating session which ended Aug. 14.

U.S. negotiators hope for a substantive reply when the talks resume in Helsinki Nov. 2.

—Soviet negotiators turned down a proposal by U.S. Ambassador Gerard C. Smith for working in the joint communiqué at the end of the initial round of talks in Vienna which would have indicated the two sides were reaching agreement in principle.

The administration official in Chicago saw no direct setback for a SALT agreement in what he termed the flagrant Soviet and Egyptian violations of the Mideast cease-fire.

Any proposed U.S.-Soviet disarmament deal does not depend heavily on good faith and trust, he explained. He said a SALT agreement would be spotted quickly enough by U.S. intelligence to prevent an upsetting of the strategic balance against the United States.

Legality of Demo Move Questioned

SEARCY, Ark. (AP) — The chairman of the state Republican party has questioned the legality of Atty. Gen. Joe Purcell of holding an elected office and acting as the chairman of the state Democratic party.

However, Odell Pollard of Searcy said Sunday that neither he nor the GOP plans at this time to test the legality in court.

Purcell was selected party chairman during the Democratic State Convention in Little Rock Saturday.

Pollard expressed surprise that Purcell had accepted the chairmanship and termed it "the most partisan of jobs."

Pollard questioned how Purcell could be "fair and impartial" in his legal interpretations to state officeholders, especially Gov. Winthrop Rockefeller, and serve as party chairman.

Rockefeller will oppose Democrat Dale Bumpers and Walter Carruth of the American Party in Arkansas for the governor's office in November.

Pollard also said the appointment appeared to clash with the state Constitution on at least two points. The GOP chairman said that the document says that an officeholder shall not hold another office, or be appointed to an office or commission, such as the state Election Commission, of which Purcell is a member.

Southern Governors All Agree School Busing to Be a Key Issue

BILOXI, Miss. (AP) — Gov. Winthrop Rockefeller, chairman of the Southern Governors Conference, and Mississippi Gov. John Bell Williams agreed Sunday that busing school children to achieve racial balance would probably be a primary topic of discussion at the conference.

The 36th Southern Governors Conference was to begin here today. Rockefeller and Williams spoke at a news conference Sunday.

"The (busing) problem is very much on the minds of all southern governors," Rockefeller said.

The Arkansas governor said, however, that the "most far-reaching" subject on the agenda for the two-day conference was development of a Southern strategy to combat environmental problems.

The governors are proposing a unique regional approach to pollution problems. Much of the work on the proposal was done by Don S. Smith of the Arkansas Pollution Control Commission.

Rockefeller also said Sunday that he had asked Vice President Spiro T. Agnew to come to Arkansas during the general election campaign.

On another topic, Rockefeller said Sunday he did not believe that U.S. Atty. Gen. John N. Mitchell had seriously said that the governor could "buy" reelection in Arkansas.

"Being a good friend — or I thought I was — of the attorney general, I cannot help but believe that the statement was taken out of context," Rockefeller said.

Learns How to Crochet

LONDON (AP) — Bernadette Devlin, 22-year-old youngest member of Parliament, is learning to crochet while serving six months in Northern Ireland's Armagh Prison for inciting riots. Her teacher is a murderer in for life.

This news was disclosed by Ivan Cooper, an Ulster member of Parliament, Sunday after visiting the young civil rights leader.

"She doesn't have any grumblings about prison life at all," Cooper told a reporter for the Sunday Express.

District of Columbia School System Faces Another Big Crisis

By KENNETH J. FREED Associated Press Writer

WASHINGTON (AP) — The beleaguered District of Columbia school system is facing another crisis with the city's teachers' union threatening a strike if the board of education goes ahead with a crash program to raise student reading levels.

The immediate confrontation was over the board's plan to test the reading level today of the city's elementary and junior high students.

Union officials objected to testing today because, they said, differences with the school board over the so-called Clark plan have not been resolved.

At issue is a program designed by sociologist Kenneth B. Clark to boost the reading and math skills of the Washington students this year through a crash program of intensified testing and instruction.

Crucial to the Clark plan is a rating system for the city's 4,500 teachers which possibly could involve merit pay and professional advancement for instructors whose students show dramatic advancement in reading.

Although the union has several objections to the Clark plan, the merit-advancement scheme — a traditional bugaboo to teachers' unions — is the key to the current Washington dispute.

William H. Simmons, president of the Washington Teachers Union, says it is unfair to judge instructors by the performance of their students; too many other factors are involved.

Simmons and some community groups also object that the tests and even the goals of the pro-

ler said. Mitchell was quoted by a reporter for Women's Wear Daily as saying Wednesday that Rockefeller could defeat Democratic gubernatorial nominee Dale Bumpers because he could buy enough votes from "the far left or the hard right or the black vote."

"I cannot believe that John could go home and face Martha after saying something like that about the people of Arkansas," Rockefeller said.

Mitchell's wife, Martha, is a native Arkansan. Bumpers mentioned the remarks Saturday at the Democratic State Convention.

Swede Premier Would Accept Communists

By DICK SODERLUND Associated Press Writer

STOCKHOLM (AP) — Swedish Prime Minister Olof Palme whose Social Democratic party lost its majority in Sunday's general election, made it clear his party will accept Communist help to stay in power.

"This is a clear setback," Palme said of his party's unofficial capture of 166 of the 350 seats in the newly reorganized one-house legislature. Three major nonsocialist parties, which had hoped for enough votes to form a coalition government, won 167 seats, and the Communist party 17.

"We have lost votes both to the Communists and the nonsocialist camp," Palme said, "and the blame rests wholly with the party leadership and me. We did not put across important campaign issues the right way, and international trends that forced price hikes and a tough economic policy may have contributed."

Palme, 43, made it clear that the Social Democrats were ready to continue ruling with Communist aid.

Approval of Crime Bill Expected

By JOHN BECKLER Associated Press Writer

WASHINGTON (AP) — Under heavy pressure from the administration and the House Republican leadership a Judiciary subcommittee moved today toward expected approval of a tough anticrime bill.

The bill, moved along by Chairman Emanuel Celler, D-N.Y., to head off a GOP threat to force action, is aimed primarily at organized crime and includes stiff antibombing provisions.

With law and order a major campaign issue this year, members of both parties are anxious to get on record against crime.

The GOP-sponsored discharge threat was first made Thursday, causing Celler to go along with the bill favored by the Republicans and many Democrats and abandon his effort to make extensive changes.

The result is a bill closely paralleling the version passed 73 to 1 last January by the Senate. A major difference is the addition of a new section aimed at the use of explosives in terror bombings.

The bill requires manufacturers, dealers and importers of explosives to be licensed by the federal government. It also bars sales to persons under 21, felons, drug addicts, and anyone not a resident of the state in which the purchase is made, or a contiguous state.

Although a final decision on penalties has not been made, tentative approval has been given to the death penalty for anyone convicted of a bombing in which a death occurs.

In addition to covering federal buildings, the bill makes it a crime to bomb property used or leased by the government, which would cover Selective Service offices and military recruiting stations.

The provisions dealing with organized crime strengthen the wide variety of laws and court procedures in hopes of making it easier to arrest and convict syndicate leaders.

The many sections of the bill establish special grand juries with expanding authority to investigate organized crime. Other provisions create new rules of contempt, perjury and immunity in an effort to compel witnesses to testify before grand juries.

Provision is made for protection of witnesses before they testify, strengthen federal authority to combat gambling and infiltration of legitimate business by racketeers, and provide for 25 years jail sentences for persons found by a judge to be "dangerous offenders."

The bill has drawn severe criticism from lawyers' groups and civil rights organizations on grounds it contains repressive features and raises serious constitutional questions.

Celler, who shares some of the critics' views, held extensive hearings on the bill and tried in subcommittee to change provisions he found most objectionable.

3 Accidents Are Probed by Police

City Police reported three weekend accidents, one resulting in five persons being injured.

At 2 a.m. Sunday at 8th and Elm autos driven by Theodis Jackson and James Edward Daniels collided and five persons were injured, none believed seriously.

City Officers Clark and Hattom charged Jackson with failure to yield the right-of-way.

At 3:30 p.m. Sunday cars driven by Clayde Johnson and Robert M. Collins collided at West Avenue C and Pine with front and rear end damage resulting. Officers Ward and Milam investigated.

At the Police Station a city patrol car driven by Carl Ward backed into a parked State Police car with very minor damage resulting.

Fire Training Planned Here

Special training for firemen in this area will be held September 21-October 1 at the Hope Fire Department. The School will be under the direction of the First Service Technology of the Southwest Technical Institute at Camden, according to Fire Chief James Cobb.

Classes will be held at 7:30 each night. All firemen of this area are invited.

S. Vietnam Navy Strikes on Cambodia

By GEORGE ESPER Associated Press Writer

SAIGON (AP) — A South Vietnamese naval task force has launched a major operation in Cambodia along the Bassac River about 35 miles southeast of Phnom Penh, a military spokesman reported today.

The operation, involving scores of gunboats and more than 1,000 Vietnamese marines, started Saturday but was not disclosed until today for security reasons, he said.

Informed sources said there had been little significant action to date.

South Vietnamese headquarters reported one minor skirmish Sunday when a Marine battalion clashed with North Vietnamese and Viet Cong troops along Route 30 near Phum Taey, about 10 miles from the Vietnamese border.

It was not immediately disclosed how many Vietnamese troops were committed in the new drive aimed at destroying North Vietnamese and Viet Cong sanctuaries between the Bassac and Mekong rivers, which lead into South Vietnam's fertile Mekong Delta.

At last report, 13,500 South Vietnamese troops were operating inside Cambodia.

Meanwhile, American warplanes slammed hundreds of tons of bombs into North Vietnamese positions around two artillery bases in the northern quarter of South Vietnam and kept up raids on enemy supply routes in Laos and Cambodia.

American bombers began their third week of concentrated raids around embattled Fire Base O'Reilly, near the Laotian border, where fresh fighting flared during the past 24 hours.

They also attacked North Vietnamese positions threatening Fire Base Fuller, four miles south of the demilitarized zone.

South Vietnamese headquarters reported that more than 200 government troops clashed with North Vietnamese soldiers about 2½ miles southeast of Fire Base O'Reilly, which has been besieged for the past two months.

Fifteen North Vietnamese soldiers were reported killed. Field reports said one South Vietnamese soldier was killed and one wounded.

The U.S. 7th Air Force said its tactical fighter-bombers flew 16 sorties in support of the South Vietnamese troops at O'Reilly during the 24-hour period ending at 6 a.m. today. A sortie is one flight by one plane.

Surviving are his wife, Mrs. Phyllis Knighton of Cyril, Okla., a son, Joe Lee Knighton and a daughter, Edna Knighton; his parents, Mr. and Mrs. C.A. Knighton of McNab; two sisters, Mrs. Carleen Treece of Guy, Ark., and Mrs. Zeen Williams of Key West, Fla.

Services will be at 1 p.m. Wednesday at Okay Baptist Church by Rev. Clyde Johnson. Burial will be in Saratoga Cemetery by Oakcrest Funeral Home.

Jordan Army Reported Suffering Heavily as Syria Captures City

Involvement of U.S. Is Possibility

WASHINGTON (AP) — The reported Syrian intervention in the Jordanian civil war appears to increase the possibility of direct U.S. involvement in the conflict. But U.S. officials hope urgent appeals to Russia, Syria and other nations will avert broadened fighting.

Secretary of State William P. Rogers condemned the alleged invasion Sunday as "irresponsible and imprudent" and warned: "This action carries with it the danger of a broadened conflict."

"We call upon the Syrian government to end immediately this intervention in Jordan," he said, "and we urge all other concerned governments to impress upon the government of Syria the necessity of withdrawing the forces which have invaded Jordan."

The Nixon administration's initial reaction took the form of the Rogers denunciation and warning and a direct request to the Soviet government, plus diplomatic appeals to other governments, to put pressure on Syria to end its intervention.

The appeal to Moscow was made through the ranking Soviet diplomat here, Minister-Counselor Yuly M. Vorontsov. Russia is Syria's major arms supplier and U.S. officials assume Moscow can exert considerable influence in Damascus. In a sense, the publicized U.S. appeal was a challenge to the Russian government to demonstrate what it is willing to do to curb the peril of spreading conflict in the Middle East.

The official and public position of the Nixon administration has been one of concern for more than 400 Americans, including 38 out of 54 hostages held by the Palestinian guerrillas, with the possibility that force would be used if it was judged necessary to evacuate them.

However, unofficial reports from Chicago last Friday, following briefings of editors there by President Nixon, described Nixon as being prepared to intervene forcibly in Jordan if he thought such action was required to save the government of King Hussein and keep the guerrillas from taking over.

One possibility foreseen in the Chicago report was that Nixon might decide to act if Syria or Iraq entered the Jordanian civil war in support of the guerrillas.

AP News Digest

By THE ASSOCIATED PRESS WASHINGTON (AP) — The United States has condemned Syria's alleged invasion of Jordan as "irresponsible and imprudent," and called on Russia and other concerned governments to avert broadening the fighting between the Jordanian army and the Palestinian guerrillas. The reported intervention appeared to increase chances of direct U.S. involvement in the conflict.

BEIRUT, Lebanon (AP) — The Jordanian government's Radio Amman reports that Jordanian and Syrian tanks have clashed at Irbid, Jordan's second largest city. Reports early today from Israeli military sources, but unconfirmed by either Jordanian or guerrilla sources, said Irbid has fallen to the Syrians.

SAIGON (AP) — American warplanes have continued to drop hundreds of tons of bombs on North Vietnamese positions around two artillery bases in the northern quarter of South Vietnam and on enemy supply routes in Laos and Cambodia.

Electoral Reform Vote Is Sought

WASHINGTON (AP) — Senate leaders looked today toward making another attempt to force a vote on a constitutional amendment to junk the Electoral College in favor of the direct election of presidents.

Democratic Leader Mike Mansfield had said a second attempt to end debate today on the proposal would depend on whether a new attempt would be more successful than an effort last Thursday, which failed.

The vote then was 54 for invoking the Senate's debate-closing rule and 36 against, or six short of the required two-thirds margin.

The amendment would do away with the Electoral College and give the election to the presidential candidate who received 40 per cent or more of the popular vote. Failure of a candidate to receive 40 per cent would result in a runoff election between the two front runners.

Opponents who succeeded in beating back an attempt to invoke the Senate's debate-closing rule last Thursday say a direct vote would destroy the two-party system and eliminate the role of the states in the election process.

Tunisian President Habib Bourguiba proposed a summit conference of Arab states in Cairo to thrash out a Jordanian solution, and several, including Egypt, had accepted. But Cairo sources said Sunday the Syrian invasion ended chances for such a meeting.

Weather Is Slated to Be Cooler

By THE ASSOCIATED PRESS The U.S. Weather Bureau is predicting slightly cooler temperatures and the possibility of showers in the wake of summer-like weather, which has dominated the state.

Sunday skies were clear and temperatures rose as high as 86 in Little Rock. A few isolated thundershowers developed over the state Sunday, with the main concentration around the El Dorado area.

The cooler temperatures will be triggered by a cold front located west of Arkansas. This front is expected to reach the state by Tuesday, but the weather bureau predicts that it will not have enough strength to push southward through the state.

The high Sunday reached from 96 at Little Rock to 80 at Harrison.
